

# Turf Grass

# Bermuda 419 Tifway

*Cynodon dactylon*

- **Foliage:** very dense and fine textured hybrid Bermuda grass. It is low growing and spreads rapidly.
- **Approx. Height:** 1/4" -3"
- **Sun/Drainage Requirements:** Full sun to partial shade; well-drained soil
- **Hardiness Zone:** 6-11
- **Water:** Low
- High drought tolerance; considered to have the best traffic tolerance of warm season grasses, ideal for sports fields, golf courses, residential and commercial landscapes
- Available as sod or sprigs

# Bermuda Celebration

*Cynodon dactylon*

- **Foliage:** Distinctive dark blue-green color,
- **Approx. Height:** 1'
- **Sun/Drainage Requirements:** Full sun, also performs well in light to moderate shade; well-drained soil
- **Hardiness Zone:** 6-11
- **Water:** Low
- High drought tolerance, recovers rapidly from injury or foot traffic, ideal for sports fields, golf courses, residential and commercial landscapes

# Blue Gramma

*Bouteloua gracilis*

- **Foliage:** Gray-green, narrow leaves, warm season, clump forming
- **Approx. Height:** 1'-3'
- **Approx. Width:** 6"-12"
- **Sun/Drainage Requirements:** Full sun; well-drained soil
- **Hardiness Zone:** 5-9
- **Water:** Medium
- This grass is a short tuft grass that can form a loose turf. Its interesting spikelets make this a nice accent grass for small areas.

# Texas Blue Grass

*Poa arachnifera* Torr.

- **Foliage:** Blue-green rhizomatous, dioecious, perennial cool-season grass
- **Approx. Height:** 2'-3'
- **Approx. Width:** 1'-2'
- **Sun/Drainage Requirements:** Full Sun; well drained soil
- **Hardiness Zone:** 6-10
- **Water:** Low
- Texas bluegrass is dioecious (male and female flowers occur on separate plants). The name *arachnifera* "spider-bearing" is in reference to the long white hairs of the spikelets which resemble a spider web.

# Buffalograss

## *Buchloe dactyloides*

- **Foliage:** Soft blue-green, narrow leaves, durable, fine leaved sod-forming, warm season grass
- **Approx. Height:** 0.5'
- **Sun/Drainage Requirements:** Full sun; well-drained soil
- **Hardiness Zone:** 2-11
- **Water:** Low
- Extremely drought tolerant

# Zoysia Emerald

## *Zoysia japonica/tenuifolia*

- **Foliage:** Fine textured , dark green dense turfgrass.
- **Approx. Height:**  $\frac{3}{4}$ " -2"
- **Sun/Drainage Requirements:**  
Full sun to shade; well-drained soil
- **Hardiness Zone:** 7-14
- **Water:** Low to Medium
- Slow growth, disease resistant and average wear tolerance, good in shady areas, golf courses, residential and commercial landscapes

# Empire Zoysia

## Zoysia Pallisades

- **Foliage:** Fine textured , dark green dense turfgrass.
- **Approx. Height:** 1"-2"
- **Sun/Drainage Requirements:** Full sun to shade; well-drained soil
- **Hardiness Zone:** 7-14
- **Water:** Low
- Slow growth, disease resistant and average wear tolerance, good in shady areas, golf courses, residential and commercial landscapes
- EMPIRE Zoysia was discovered in hot humid Brazil. It does well in heat and humidity
